Murray Bridge High School proudly introduces the School Prefects for 2014.

They are from left:

Ryan Varga and Katelyn McNamara (Deputy Head Prefects) and
Luke Johnson and Kayla McDiarmid (Head Prefects)

For more information on our Prefects please read their profiles below.
Name: Luke Johnson
Year Level: 12
Role: Head prefect

As a student leader I hope to... sort out any arising issues in our school throughout the year. Whilst accomplishing this I want to set up the school for future years by emplacing policies and ideas for my fellow students. I would like to grow as a leader while helping the school that has given me so much.

Something you don’t know about me is... depends on who you are really. Over the past years I may not have accomplished a reputation of the hardest or most organised worker, but I am here to change that. I am more than capable of succeeding in this position.

I read... not very often, if I’m reading something it is most likely a sign or something.

I watch... anything that can make me laugh. That’s all I look for in a movie or TV show, just to make me feel good.

I listen to... any music that sounds good to me. Most often it is quite heavy but as long as it follows a good melody and sounds good then I will like it.

One day I hope to... accomplish my dream of becoming a lawyer or even maybe one day moving into politics.

My goals for this year are... to improve the school wherever possible and to create a healthier workplace for everyone at the school. Whether this is from adding on to existing ideas or anything I am asked by you guys in the school I would like to see it all happen.

The best thing about Murray Bridge High School is... the school offers many more courses than other schools in the region and even in Adelaide. The school gives its students a wide range of choices to give them the best chances for their future aspirations. That is the best part of our school.
As a student leader I hope to... make a good mark on the school, by being involved in school/community events, creating a better relationship between students and teachers and being someone everyone is happy to approach.

Something you don’t know about me is... I am extremely organised, I have 3 jobs, go to school, do TAFE and I have a great social life, so I guess I have to be organised. I have calendars, diaries and phone alarms to help me.

I read... travel magazines mostly but if I find a good book you will find me reading it non-stop.

I watch... I don’t have much time for TV; however I love watching some TV series like Vampire Diaries and Criminal Minds, but only get to watch them when I am sick though.

I listen to... heaps of different stuff, I love listening to music when I am driving.

One day I hope to... visit as many countries as possible and experience the culture they all have in them. Hopefully work in some orphanages and do some backpacking while I am travelling as well.

My goals for this year are... finish Year 12 with the best result possible and give a reason for the school to remember my name.

The best thing about Murray Bridge High School is... I believe the best thing about our school is the options we have with subjects, traineeships, VET courses etc. If you have a goal the school will help you achieve it.
Name: Ryan Varga  
Year Level: 12  
Role: Deputy Head Prefect

As a student leader I hope to... help the school achieve excellence. Furthermore I would like to remove the negative stigma that clouds the school’s reputation.  

Something you don’t know about me is... that I have won many SALA art awards, and have been recognised throughout the state for my achievements.  

I read... a lot of books that involve action and adventure. I also like to read books that build suspense and have an ending with a cliff-hanger.  

I watch... mostly horror but also comedy.  

I listen to... all types of music.  

One day I hope to... travel the world and have the experience of understanding and being part of new cultures.  

My goals for this year are... to help people achieve the best grade they possibly can. To be a good representative to not only Murray Bridge High School but also the wider community.  

The best thing about Murray Bridge High School is... the range of subjects that are offered. Another positive aspect at this school is the rapport between the students and their teachers.

Name: Katelyn McNamara  
Year Level: 12  
Role: Deputy Head Prefect

As a student leader I hope to... strengthen the student and staff communication. I also intend to convey positive feedback throughout the school and community. I also hope to encourage others in taking leadership roles and responsibility. I will also aim to cease segregation in popularity.  

Something you don’t know about me is... I am a Sergeant in Australian Army Cadets.  

I read... very rarely but when I do it’s mostly horror.  

I watch... comedy movies; I don’t watch TV very often.  

I listen to... anything with good vocals and a good beat.  

One day I hope to... have a loving family and a good job.  

My goals for this year are... to achieve the best possible grades in school, to be a positive role model and help others achieve excellence.  

The best thing about Murray Bridge High School is... the friendliness of the staff and students. Everyone is willing to help you or guide you in the right direction if you need it. The school also has a larger variety of subjects compared to other schools in the area.
